

If you live near potential light rail stations at either NE 145th or 155th Streets and are interested in creating a resident-driven vision for how surrounding neighborhoods will change over time...

**Please join us for a discussion about
the formation of a citizen committee!**

**Tuesday, August 27 from 7:00 to 9:00 p.m.
Bethel Lutheran Church, 17418 8th Avenue NE**

Sound Transit is taking comments about their Draft Environmental Impact Statement (DEIS) through September 23, and will likely make a decision about whether the station will be located at 145th or 155th this fall. The City will begin subarea planning for the selected station location early in 2014, but in order to be proactive and keep our neighbors informed, we would like to start talking about organization of a citizen committee now.

Objectives of the meeting include:

- Discussing Ridgecrest and Parkwood Neighborhood Association plans for commenting on the DEIS;
- Selecting a date for a driving tour of the station subarea, and organizing smaller group tours;
- Identifying potential leaders and members of a citizen committee; and
- Deciding when the committee should begin meeting regularly, and details like frequency, duration, and location of meetings.
