Subject: Discussion with Dembowski

Good morning all,

I wanted to get a feel for how you'd like the discussion with Councilmember Dembowski to go. There are several important topics listed in the agenda, the sighting of the shelter for one, Fircrest for another (although not as urgent). I ask, because I think we have to bring up the racial tensions in the city in some way and that feels like an appropriate time (to me) given that so much circles around our police department.

I expect we will have healthy public comment on this subject tomorrow, and the absence of any acknowledgment of the city's involvement and/or discussion from council will appear out of touch.

Thanks all, please advise.

Betsy Robertson
Councilmember, Position 6
City of Shoreline
