Sharing a nice note from a resident –

Quang, Darron, and Lea did a lot of great work in 2019 – nice to see their hard work recognized.

Hello –

I wanted to say thank you for the traffic improvements that have been made recently around my neighborhood. Specifically:

175th & 15th. Wonderful! I use this intersection almost every day and this has been a big improvement for both east bound and west bound traffic. The left turn light going west in the morning could be a little longer but the whole thing is just great.

150th & 25th. New 4 way stop. So great! Living right across the street from the high school it can be challenging getting around at certain times of day. This is a great safety improvement for those us trying to get across 25th at 150th in the morning. We don't have to play chicken with the high schoolers any more!

Meridian & 155th. The new left turn light going south on Meridian is very helpful. Could you maybe do one of those at 15th & 165th heading north bound?

Whoever thought up the design of the 175th & 15th improvements is really smart. Much appreciated!

Thanks again and I look forward to any future improvements of this magnitude.
