<<PROPERTY OWNER NAME>>

<<MAILING ADDRESS>>

<<CITY, STATE ZIP>>

Dear <<PROPERTY OWNER NAME>>,

Over the past year, the City has been working with the community on developing improvements to the 175th Street corridor (175th Street Corridor Improvements Project) from I-5 to Stone Avenue N. The purpose of the project is to make needed street and sidewalk improvements, so the corridor is safer and more accessible for all. **I am writing to let you know that we anticipate the property you own at <<ADDRESS>> will be affected by the project.**

Last spring, we began speaking with property owners and tenants about the potential property impacts from the project. We would now like to share additional information about our draft design concepts and next steps for finalizing design and ask for your feedback. **At your convenience, we would like to meet with you in person to discuss the project and how it relates to your property.**

Please go to 175thstreetoutreach.as.me to request a meeting location, date, and time that works best for you. You can also call us at (206) 801-2469 to request a meeting. Our team members are available to meet with you in person, preferably on site at your property, or speak with you over the phone to discuss the project and your property. We will respond to your meeting request as soon as possible and will stay in touch with you to confirm the meeting and share whom from our project team will attend.

We are also inviting tenants and other property owners along the corridor to a drop-in session to learn more and provide feedback on the draft design concepts. You are welcome to stop by in addition to your one-on-one meeting with us.

Property owner and tenant drop-in session

April 9, 2020

6:00 to 8:00 p.m.

Shoreline City Hall, Council Chambers

17500 Midvale Avenue N

We are also talking with businesses and community stakeholders along the corridor and will host an in-person open house and an online open house for the broader public on April 28. Visit shorelinewa.gov/175corridor for more details.

We look forward to the opportunity to meet with you to share information, listen to your feedback, and respond to your questions and concerns.

Sincerely,

Leif Johansen

Project Manager

About the project

The 175th Street corridor is one of Shoreline's most active east-west arterials. We have made it a priority to improve 175th Street between Stone Avenue and I-5 by making it easier and safer for all corridor users. These improvements may include measures to reduce traffic congestion, complete the sidewalk network, build on-corridor or parallel bicycle facilities, and develop an overall design that supports the anticipated growth in communities adjacent to 175th Street.
