Thanks Jessica. Pollie, can you add this to the Mayor/Deputy Mayor meeting for Monday? We can ask Will/Keith if they are interested.

John

NAMI is looking for elected officials to see if they would like to provide a short written quote or a short video (one minute or less) in support of behavioral health in our state. Perhaps this would be something Mayor/Deputy Mayor would be interested in participating in?

Dear City Clerk Simulcik Smith,

I hope you are well; thank you for all your hard work especially during this time.

As a part of NAMI Washington's ongoing efforts for behavioral health awareness, stigma-busting, and rallying community in support of all individuals impacted by mental illness, we are organizing an awareness and fundraising event, [NAMIWalks](#), on July 17th. We would love to have you involved!

We are asking Washington elected officials across our state if they would like to provide a short written quote or a short video (one minute or less) in support of behavioral health in our state. These quotes will be shared on

social media prior to and during the day of NAMIWalks and we would tag your social media account so that you have the option to reshare.

If you would like to provide a short written or video quote, you can send it to me by July 2nd. Please do let me know if you have any questions and I am happy offer any additional assistance that would be supportive.

Finally, I am attaching our one-pager on the free, open-to-the-public services that NAMI Washington affiliates offer to Washingtonians all across the state. We are always here as a resource to you and your constituents.

Thank you so much for your consideration of this request and for all the work that you do!

Warmly,
Katherine Seibel
