

WEEK IN REVIEW

Shoreline Kenmore

PATROL
CID
ADMINISTRATION

Chief's Message

Wednesday night, I was invited to Ridgecrest Elementary School's PTA Board meeting to discuss opportunities to partner with our community and have positive engagement with youth and law enforcement. We brain-stormed up and coming events, and I excited parents and staff feel the same need and passion for engagement that we do.

Nate Daum, our City Economic Development Program Manager, and I met today to discuss teamwork. Nate is another excellent partner for us and understands that in order for us to be effective in crime fighting, we need support from our Shoreline businesses more than ever. We strategized partnered efforts for business engagement, specifically smaller businesses, and shared resources that can help us meet the end goal to reduce crime and fear of crime in Shoreline as well as empowering business owners to fight with us in these efforts.

I will be out of the country returning late in the evening of Friday, the 24th. Because of this pre-planned trip, I will unfortunately miss the opportunity to be present for the Sheriff's Star Award Presentation to MPO Coblantz. We are so proud to work with you, Cary!

Cpt. Meyer will be Acting Chief next week! Adios!

RADAR Recognizing Good Work

RADAR Navigator Sherry Sternhagen has our thanks for taking time to formally recognize Deputies Welch, Wunderlich and Jurado for their efforts supporting program clients.

RADAR is part of Shoreline's DNA. The *'kindness and compassion'* referenced in these Blue Team commendations defines our culture and reflects on the great character of each and every member. Well done -

Incident Summary

RADAR MHP Sherry Sternhagen commended Dep. Welch and Dep. Wunderlich for helping her recently with a client. Sherry stated that Marion was suffering hallucinations and thought people were trying to break into her home. Dep. Welch, Dep. Wunderlich, and MHP Sternhagen went to the residence and spoke to Marion, they made sure she was safe and would be able to sleep. MHP Sternhagen followed up with her and ended up speaking with her son, Marc, who stated she had a bad case of sepsis, which was causing the hallucinations. Marc also stated his mom will be moving into an assisted living facility that can better meet her needs.

This is another great example of the compassion Shoreline Deputies display on a daily basis.

Incident Summary

RADAR Navigator Sherry Sternhagen, sent an email praising Deputy Carlos Jurado and how he handled a recent outreach session. Sherry stated Dep. Jurado helped her connect with a life long Shoreline resident who was feeling suicidal and despondent. Sherry said after some follow up, she was able to get the resident connected to resources. Sherry appreciated Carlos's calm presence.

This is another example of the kindness and compassion Shoreline Deputies display on a daily basis.

Weekly Graffiti Emphasis

In response to community concerns, CSO Corona is now performing every-Thursday checks of Shoreline parks to identify graffiti that may go unseen during nightly closings. This work is not meant to replace those instances requiring case reports (i.e. malicious harassment, gang, etc.), but rather to help our colleagues in *Parks* address taggings. A weekly report, with photos, is done in Mark-43 to capture this effort.

As many of us recall, Sergeant Klein had a unique passion for addressing graffiti throughout Shoreline. Dahlia's efforts honor his work and keeps our parks welcoming for all.

Hamlin Park

Congratulations - New Detectives

We want to congratulate Deputy Swanson and MPO Monserud for the selection to Shoreline's SET and CID units. They competed for these position among a group of highly qualified and capable deputies. Although we will dearly miss Kimberly and Joe on patrol, they will both be incredible detectives.

We anticipate these transfers will take several months to occur. As we know, staffing challenges remain, but Phase-II deputy performance is generally encouraging. Add two anticipated inbound transfers and we're are hopeful to have future Detectives

Swanson and Monserud in-place by mid/late summer.

Monday, we know, is not a holiday for all. We thank those serving over the long weekend and hope you find time for rest, family and friends during your furlough.

Be well, stay safe -

-Chief Park
