**WEEK IN REVIEW**

Shoreline Kenmore

PATROL  
CID  
ADMINISTRATION

---

## Chief's Message

---

This week started off with another partner being senselessly and seriously injured. The response from our Team was immediate. And despite the overload of emotions associated with this worst-case scenario, everyone stepped in to help in any and every way possible. **I cannot be prouder and more honored to work for each and every one of you.** We will continue to offer updates and support to Dave and his family as his extended law enforcement family.

We were very fortunate to get good news resulting from Clayton's surgery yesterday evening. Please keep him in your thoughts as well as Dave. Clayton, we can't wait to see you back at 100%!

Now more than ever we all need to take care of ourselves and one another. If anyone needs any additional support or has questions/concerns, Cpt. Meyer and I are always available. Please do not hesitate.

We continue with our significant outreach efforts this week to include further partnership with Shoreline Community College for our First *Cat Con Event* next month and working on expansion of our National Night Out efforts coming this summer. I have connected with the Shorewood High School Dean of Students and Health teachers to speak directly to the 9<sup>th</sup> grade student body and lesson plan with Det. Kieland and myself to present a lesson this May on personal safety and awareness. Det. Kieland also conducted a security survey for the Shoreline Christian Schools after Dep. Jurado and I presented them CRASE just a few weeks ago. They have done some top-notch planning for any emergency response, which is now available on the Shoreline V-drive "Schools" folder. It sets the bar high for the improvements in emergency planning from our public schools that Sgt. Salter has been working on so tirelessly.

Thank every single one of you for the work and service you provide each day.

BE SAFE!

---

## Refresh & Refine - Interior Movement

---

We want to recognize MPO Knight and all who attended Tuesday's *Interior Movement* training. Shoreline's offer of the vacant home near Paramount Park's open-space provided an outstanding 'classroom' to refresh & refine our building searches.

What we learned on Tuesday can be used everyday. Thank you Rob!

## SET Seizures

This week we learned Shoreline will receive an estimated \$69,000 in seizure funds thanks to SET's commendable work in two cases. We understand more is likely coming.

These 'drug-fund' dollars support projects like TruNarc and SET/CID-specific training that otherwise could go unfunded. It is thanks to SET/CID - all who support them - that we can turn narcotics into equipment and courses that make Shoreline better.

This week is a reminder that more than ever we need to take care of each other. Check-in with your partners. Find time for yourself. We value all do for Shoreline -

Chief Park  
Captain Meyer
