## Chief's Message

This week KCSO Command held the return of the Staffing Draft! A few short years ago this had been the quarterly gathering for all transfer request coordination and negotiations. Chief Marenco and the majors have been working closely together to revisit this practice, improve the process, and provide consistent rules of engagement moving forward in the spirit of partnership for our department. This first run was a success! All transfers moving forward will be held in this process

every three months. Our next draft will be held January 18th, 2024.

We are pleased to welcome Sgt. Scott Mandella to Shoreline as our newest patrol sergeant! Sgt. Mandella comes to us from the city of Burien with a wealth of knowledge and experience. Many of you may know Sgt. Mandella from his work as a long-time EVOC instructor, his work with CIT and KCSO CNT, or his co-response partnership in Burien. We are so pleased to have Sgt. Mandella join our precinct

team! His promotion date is 10/28, and he will be in training prior to running his shift.

On Wednesday, I held a presentation with our Shoreline Chamber of Commerce at the Senior Center. We discussed partnership between us and our businesses in crime prevention and deterrence. This was an extremely supportive group of individuals all interested in our Police Partners participation with their businesses. They also welcome our collaboration on community education. Each attendee also encouraged

us to stop by their businesses, which will be prominently displaying our Police Partners signage, any time we need a break or safe and clean restroom on patrol. Thank you to Dahlia and Cpt. Meyer for your work on this program.

Friday, I look forward to our second CatCon event for catalytic converter theft deterrence at Shoreline Community College and our bi-annual Shoreline Emergency Management Council Meeting.

Thank you all for the work you do each day!

## Back by Popular Demand!

---

CatCon is scheduled for Friday, October 13th from 0800-1400 at the Shoreline Community College. Thank you to everyone who is working this popular event which provides community members with visible means of theft deterrence. Special thanks to Detective Kieland and CSO Corona for their organizational efforts.
