Chief's Message

Sunday marked the 8th Menorah Lighting at City Hall for the Shoreline Chanukah Celebration! I was overwhelmed with the support and words of appreciation from our Jewish Community. With everything going on in the world, the community felt safe to come and celebrate on the front steps of City Hall and be proud. Thank you to Officer Swanson, Officer Finan and Sergeant Mandella for connecting with folks at the event as well.

Today and Friday I will be engaging with all freshman students at Shorewood High School in the 2nd Annual "Meet the Chief" event hosted by the health teachers. I

open the classes with promising no questions are off limits. This is a great opportunity to answer questions and connect with our youth.

Next week I am on STAYcation. Please reach out if you need anything. I am close! My phone is also always on.

Shoreline Public Menorah Lighting

Sunday's WRAP Training

We want to recognize Deputies Welch and Rodriguez for their initiative in scheduling Sunday's WRAP training. We know this tool can be incredibly effective in helping us securing subjects who are non-compliant.

The one hour course was comprehensive and included application before moving to the Sallyport to demonstrate how to effectively transport. Excellent work by all!

-Captain Tim Meyer

Cold Weather Alternatives

While final details are still being worked out, the Days Inn is likely going to serve as one alternative for persons needing cold weather shelter this season. Deputy Jurado met today with management and Shoreline Human Services leadership to advance next-steps. This location will be reserved for select community members who are *not* in crisis or under the influence of drugs/alcohol.

Partnerships like this are only possible because of the goodwill each of us has developed with Days Inn ownership and employees. Thank you for helping make solutions like this possible.

-Captain Tim Meyer

Excelente visita al Shoreline Senior Center

This week when I visited the Shoreline Senior Center, I was able to hang with some Spanish speaking seniors.... It was a great time. As some of you know I am trying to get better in Spanish as I am taking a trip to (probably retiring in) Panama. What I learned is I am not very good... I will however keep trying and they were incredibly supportive of my attempts to speak with them in Spanish... Also, Carlos promised I would be fluent in Spanish before he leaves, so his work is cut out for him....

All the seniors really appreciate the Shoreline Police Department and wanted me to relay that message.

- *Captain Tony Lockhart*

QR Codes Make Connecting Easier

To promote transparency and increase accessibility, we posted QR codes in our lobby making it easier to compliment our officers and learn about our work performance. We receive commendations weekly, including one today after Deputies Newbauer and Handley drove a man home after his SUV was stolen. QR codes will make it easier for community members to acknowledge our good work.
