Stellar Teamwork

A long overdue recognition of great investigation skills and teamwork... Kenmore officers responded to an armed robbery at the Chevron Station on Bothell Way. They quickly broadcasted a BOLO for the suspects and collected vital evidence including security camera footage from the incident.

KCSO Major Crimes Detective Newbauer sent out an RTI with the photos the Kenmore officers obtained. Soon Newbauer was contacted by Seattle Police Detective Richards with the identity of the two suspects, one of whom was a missing juvenile from Seattle. Richards placed an agency assist call for service and the Kenmore officers located the missing juvenile. Because of their outstanding attention to detail, both suspects were identified and evidence and merchandise were recovered.

The following day Detective Newbauer received a confession from one of the suspects identified by Kenmore officers. Both juveniles are being charged and the victim was thankful and pleased with the Kenmore officers work and compassion.

Original call for service: Officer Matthew Hurst, MPO Michael Yamamoto and Shoreline Officer Benjamin Oliver

Follow-up call for service: Officer Jeffery Helmer and Officer Brian Ezell

-Thank you Detective Newbauer for submitting this Blue Team.
