## Chief's Message

While the Chief is taking a well-earned break, the Chief's Message is taking a pause too.

Be well and stay safe -

## A Special Olympics 'Thank you'

Thank you to the Shoreline Police Department for your continued commitment to inclusion and for your unwavering support of local community programs. Your dedication makes a significant difference and helps foster a safer, more connected community with Special Olympic Athletes.

- Nicole A. Becker, Sr. Mgr. of Competition & Operations; Northwest Region

*(Note: We want to especially recognize Deputy Schettler for his leadership. He - and many others - are incredible champions in this outreach. - Chief Park)*

# K95 Commendation

---

We thank Deputy Mainaga for taking a few minutes to recognize K9 Deputy Dallon for his August 8th efforts. This BlueTeam commendation is yet another example of his professionalism and on-point patrol work.

*On 08/08/24 at about 1640 hours, Deputy Dallon (K95) on-viewed suspicious circumstances with a female hunched over in a car with what appeared to be drug paraphernalia at the Park and Ride located at 14514 20th Ave NE, Shoreline.*

*I arrived at the Park and Ride to back Deputy Dallon at about 1641 hours and observed a female standing by the driver's seat of a Silver 2014 Cadillac with a purse on the floorboard with what appeared to be drug paraphernalia inside. The female was quickly detained in handcuffs and was advised that she was being investigated for possessing drug paraphernalia. Shoreline Detectives later came to the scene and took over the investigation.*

*While we were on the scene, the female's ex-boyfriend started walking up to the scene and Deputy Dallon repositioned his patrol vehicle and pointed out the bulge on the male to the partners for officer safety. Deputy Dallon showed professionalism and respect in communicating with the female and showed leadership on the scene to problem solve. Deputy Dallon should be commended for his great proactive work.*

*As a result of the combined work of deputies and detectives on scene, the female cooperated for further investigation.*

# Ballinger Homes Outreach

---

Captain Angelo, Emily, Melissa and I enjoyed the opportunity to visit Ballinger Homes during Tuesday's community event. We were joined by members of the King County Housing Authority, Urban Family and others who share the goal of enhancing community safety. We extend our thanks to each of you who has helped increase presence around Ballinger Homes. You are making a difference.
