Non-General Fund Revenues

Variance Highlights

- General Fund Grant Revenue is lower than anticipated due to the timing of project completion and related grant billings. The revenues are anticipated to be collected in 2024 as projects are completed
- Gas Tax is down due to the increase in ownership of electric vehicles. MRSC is now predicting a decrease at a steeper rate than previously assumed.

The table on the previous page presents the 2024 planned revenues, expenditures, use of fund balance for one-time investments and transfers in from/out to other funds as approved in the 2023-2024 Biennial Budget. It also compares them to actual for 2024 and 2023.

Revenues:

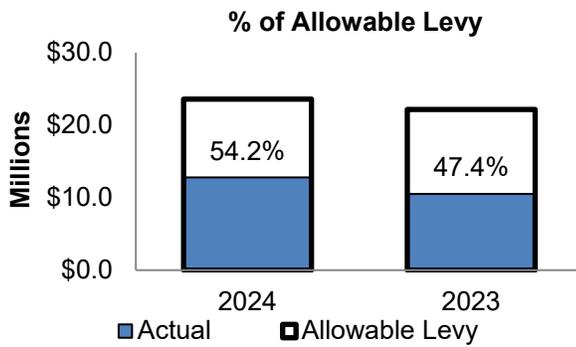

General Fund revenue received reflects a year-over-year increase of 7.0%. The following are highlights comparing actual collections to those projected for 2024 and to 2023 collections for the General Fund:

- Property tax receipts are at 54.8% of the 2024 plan.
- Sales tax receipts for 2024 are 28.4% greater than projected for the same period of the current plan. The Construction sector is 16.7% more than 2023 collections.
- Receipts from the Local Criminal Justice Tax for the reporting period of January through September are \$14,629, or 1.2%, less than the same period for 2023.
- Intergovernmental Revenue receipts are 0.1% less than the year-ago level. The maximum cap of distributions of the Affordable and Supportive Housing State Shared Tax was reached during the state's fiscal year in February. Distributions resumed in July.
- This report reflects Gambling Tax and B&O Tax receipts collected for 2024 Q2 quarterly tax returns.
- Utility Tax receipts in the amount of \$3.3 million are more than the 2024 plan and 2023 by 2.5% and 3.6%, respectively.
- Local development activity in 2024, in terms of the number of permit applications, is 269, or 13.5%, more than 2023. Total permits issued are 258, or 26.5%, more than 2023.
- Due to the high interest rate environment, interest income is higher than in the budget; however, this revenue source will have a year-end adjustment for unrealized gains and losses and is volatile given the current uncertainty of the economy. See the Investment Report on page 19 for further details.

Property tax payments are due to King County in April and October. The County then must remit the City's portion resulting in most collections occurring in the second and fourth quarters. Receipts for 2024 and 2023 as a percentage of the budgeted projection are at 54.8% and 47.4%, respectively. In terms of the allowable levy, which is different than the budgeted projection presented here, receipts for 2024 and 2023 are 54.2% and 47.4%, respectively.

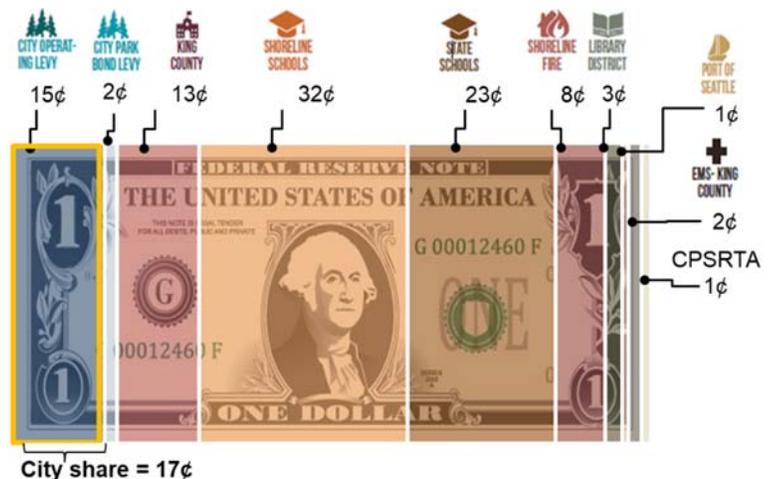

Impact on a median homeowner:

In 2024, the City of Shoreline property tax regular levy and excess voted levy rates increased from \$1.39 to \$1.63 and \$0.19 to \$0.21, respectively. The total levy rate increased from \$9.68 to \$10.94. The chart to the right compares the amount paid by a homeowner of a residence with a median value (as determined by the King County Department of Assessments). The total tax bill is estimated to decrease \$169, or 2.3%, with the City's portion increasing \$8, and all other taxing jurisdictions' portion decreasing \$177.

How \$1 is allocated:

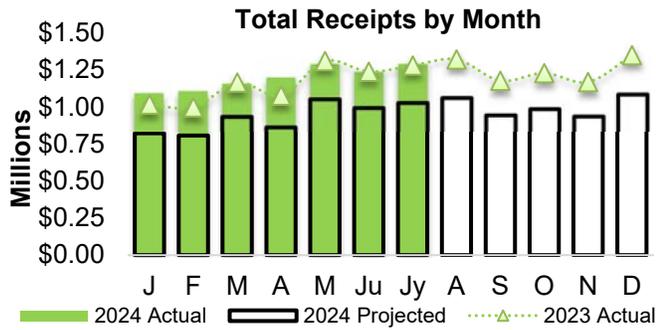

The chart to the left illustrates the allocation of each dollar paid at the 2024 levy rates for all taxing jurisdictions within Shoreline. The City receives 15¢ for the City's regular and 2¢ for the excess voted park bond levy.

When analyzing monthly sales tax receipts, there are two items of special note: First, most businesses remit their sales tax collections to the Washington State Department of Revenue (DOR) on a monthly basis. Small businesses only have to remit their sales tax collections either quarterly or annually, which can create anomalies when comparing the same month between two years. Second, for those businesses which remit sales tax monthly, there is a two-month lag from the time that sales tax is collected to the time it is distributed to the City. Therefore, the data presented here reflects the distributions from activity for January through July.

Receipts are more than the 2024 Plan and 2023 collections by 28.4% and 3.9%, respectively. The Construction sector, while 16.7% more than 2023 collections, continued to maintain a high level of activity.

The following table and chart illustrate the performance of the primary categories.

2024 THIRD QUARTER FINANCIAL REPORT

INTERGOVERNMENTAL, GRANTS, AND STATE SHARED SALES TAXES

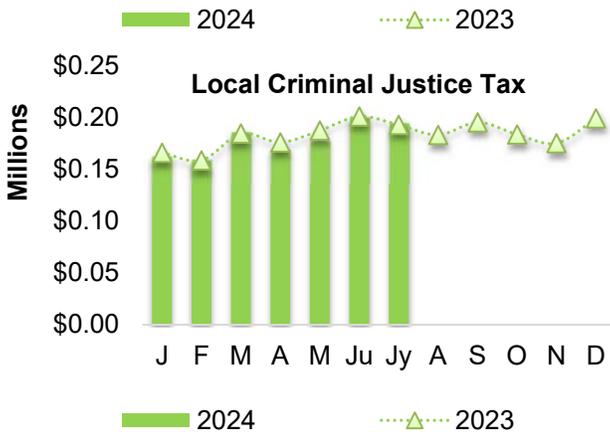

Intergovernmental revenue sources are comprised primarily of funding for criminal justice programs, contract payments, liquor excise tax, liquor board profits, marijuana excise tax, grants, and reimbursement from Sound Transit per the Expedited Permitting and Reimbursement Agreement. Contract payments are discussed separately in this report. Many grants are applied for and received for specific purposes. The amount of grants received in any year can vary.

Total Intergovernmental receipts are 0.1% less than the year-ago level. Receipts by month from sources other than Sound Transit reimbursements are reflected in the Intergovernmental Revenues chart, which compares disbursements for March through September. Receipts for these revenues in 2024 total \$874,501 and are 3.9% more than 2023.

Grant receipts are 8.1% more than 2023.

The result for Local Criminal Justice Sales Tax receipts is not commensurate with the result for Sales Tax receipts because the distribution of Local Criminal Justice Sales Tax is based on the city's population and the amount of sales tax collected throughout all of King County. The Puget Sound Economic Forecaster estimated that retail sales throughout King County would increase year-over-year by 1.4%. Sales tax collected throughout King County was 12.7% more than 2023.

The City has levied tax on gross operating revenues for gambling activities since 1995 and utility operations since 2005. The Business & Occupation (B&O) Tax and in-house processing of business licensing for Shoreline became effective in January 2019.

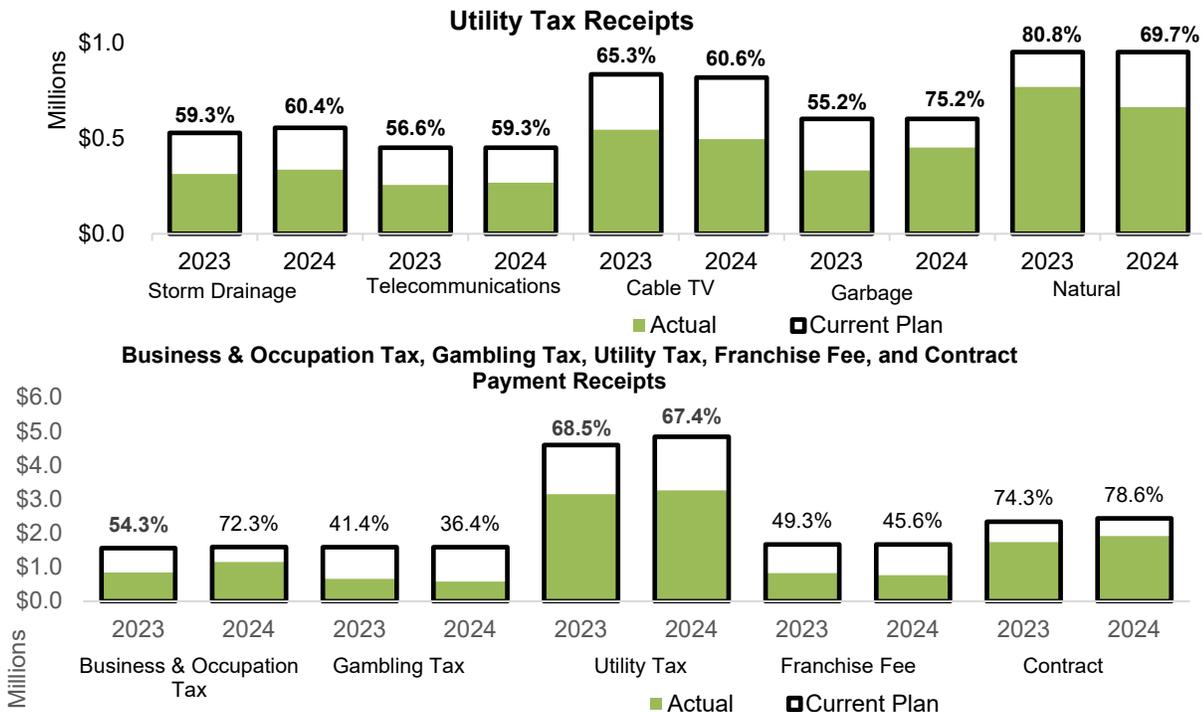

This report reflects Gambling Tax and B&O Tax receipts collected from quarterly tax returns. B&O Tax receipts in the amount of \$1.15 million are more than 2023 by 36.39%.

Utility Tax receipts in the amount of \$3.3 million are less than the 2024 Plan by 2.5% but more than 2023 by 3.6%. We continue to experience a significant decline in telecommunications tax as shown in the chart below.

The City has franchises with water and cable services with fees imposed at 6% and 5%, respectively. The City also has agreements with Seattle City Light, which imposes a 6% contract fee on total electrical revenues, and Ronald Wastewater District, which imposes an Interlocal Operating Agreement Fee.

There has been an increase in revenue from the rentals and drop-in use of the City park facilities, fields and open spaces in 2024. Park rental hours are up from year-ago level, despite two field closures for Parks Bond improvements in 2024. Park Rentals have maintained the high levels of reservation hours and revenue achieved in the 3rd quarter of 2024 due to improved rental policies and online rental processes that streamlined the park rental process for customers and made park rentals more accessible.

Recreation revenues for programs have increased year-over-year. Additional sports camps were offered during the summer, adult drop-in programs continue to excel, and additional trip leaders were hired allowing for more adult trips. Richmond Highlands Recreation Center is closed for rentals as of May 2024, however indoor rentals at Spartan Recreation Center have increased.

Parks and Recreation revenue receipts are 15.4% more than the year-ago level with receipts for general recreation programs more than the year-ago level by 30.3% but facility rentals 6.3% more than the year-ago level.

The table shows Street Fund receipts, excluding transfers in, are 3.7% less than 2023. Operating expenditures, excluding transfers out, are 5.5% less than 2023. Expenditures, including transfers out, are 4.0% less than 2023.

The Motor Vehicle Fuel Excise Tax, commonly referred to as Gas Tax, is assessed by the State as cents per gallon so revenue depends on the number of gallons sold, not the dollar value of the sales. It is then distributed monthly on a per capita basis to the City of Shoreline and placed in the Street Fund. When analyzing monthly Gas Tax receipts it is important to note there is a two-month lag from the time that Gas Tax is collected to the time it is distributed to the City. Therefore, the distribution received in March through September 2024 reflects activity from January through July.

Distributions for this period total \$0.697 million, which is 4.3% less than 2023. While our forecast had anticipated a decrease, the decrease is greater than projected. Staff will continue to monitor this revenue source closely.

PARK BOND CAPITAL FUND

Project Overview

In February 2022, the Shoreline community passed the Proposition 1 Bond measure, that among other improvements within the City included improvements to eight of the City's parks. Brugger's Bog, Briarcrest, Hillwood, Richmond Highlands, James Keough Park, Ridgecrest, Shoreview, and Kruckeberg Botanic Gardens will all receive capital improvements. To streamline the permitting and construction process, we are bundling projects based on their scope and permitting requirements. We anticipate substantially completing all park improvements by the end of 2025, which is 12 months later than originally planned. The delay is primarily due unanticipated additional storm water infrastructure compliance requirements. More information is available on the website below. Additional details on project timelines are found later in this update

<https://www.shorelinewa.gov/government/projects-initiatives/2022-park-bond-projects>

Project Budgets reflect allocations from 2022 Park Bonds as well as General Fund allocations committed by City Council and projected interest earnings. The actual budget allocations for each project have been updated for the 2023-2030 CIP to reflect project allocations based on Council Adopted Guaranteed Maximum Price (GMP) Amendments through June 2024 for Bundles 1 and 2, and estimates for future GMP Amendment. Final budget allocations will be made after the final GMP for Bundle 3 is adopted by Council.

Project Status Updates

As of December 2024:

Ridgecrest Park and Kruckeberg Gardens are the first of eight 2022 Parks Bond projects to be completed. Come and check out the new amenities including an off-leash dog park and playground at Ridgecrest and a fully accessible boardwalk at Kruckeberg.

Project Phases

Bundle 1:

- Ridgecrest Park - Reopened June 2024.
- Kruckeberg Botanic Garden - New boardwalk reopened August 9, 2024.
- Shoreview Park - Off-leash dog area closed August 12, 2024, through first Quarter 2025.

Bundle 2:

- Richmond Highlands Park - Closed October 22, 2024 through Fall 2025.
- James Keough Park – Closed January 17th – Summer/Fall 2025
- Brugger's Bog Park permit review is nearing completion with a target construction start date in the summer of 2025.

Bundle 3:

- Briarcrest Park: In permitting with construction scheduled to begin First quarter of 2025.
- Hillwood Park: In permitting (environmental complexities), construction scheduled to begin late second to third quarter 2025.

Please note that these dates are subject to change.

Receipts are largely comprised of Real Estate Excise Tax. The 2024 plan includes one-time transfers from the General Fund and Transportation Impact Fee Fund in support of the following capital projects listed in the Summary of Contributions to/other Funding for Roads Capital Projects table later in this report. Funds are transferred from the General Fund and Transportation Impact Fee Fund as expenditures are incurred by the projects.

Capital projects expended 37.4% of the current plan for the Capital Budget. Capital expenditures are impacted by the timing of construction schedules. Transfers Out are comprised of transfers to the General Fund for overhead. More information on the scope and timing of capital projects, including updated estimates, can be found on pp. 365-409 of the City's 2023-2024 Proposed Biennial Budget and 2023-2028 Capital Improvement Plan book.

REAL ESTATE EXCISE TAX

Real Estate Excise Tax (REET) revenue receipts, in the amount of \$2,922,951, are 12.7% more than 2023. However, as REET was budgeted conservatively for the biennial, the actual is only 12.4% lower than budget and is not anticipated to impact the budgeted expenditures for 2023 or 2024. REET revenue is split evenly between Roads and General Capital funds.

The regular Sales Tax rate is 10.2% with the City's general operation's portion accounting for 0.85% of the rate. At the November 6, 2018 General Election, Shoreline voters approved an additional 0.2% Sales Tax rate for the Shoreline Transportation Benefit District, revenue from which is reported in the Sidewalk LTGO Bond Fund and used to pay the debt service for the bonds issued to fund the New Sidewalks Program. Collections started in April 2019. Receipts for 2024, in the amount of \$1.967 million, are 3.9% more than 2023. In 2020, the City received \$11.539 million in bond proceeds for the New Sidewalks Program.

Capital expenditures are impacted by the timing of construction schedules. More information on the scope and timing of capital projects, including updated estimates, can be found on pp. 376-390 of the City's 2023-2024 Proposed Biennial Budget and 2023-2028 Capital Improvement Plan book.

The Surface Water Utility Fund (SWM) includes both on-going operational programs and capital projects with both being reflected in the total expenditures and revenues for the fund.

SWM ongoing revenues include storm drainage fees and investment interest earnings. Surface Water Fees are collected with property tax and payments are due to King County in April and October. The County then must remit the City's portion resulting in most collections occurring in the second and fourth quarters.

Surface Water Utility operations expended 50.5% of the current plan for the Operating Budget, which is 16.0% less than 2023. Capital projects expended 14.5% of the current plan for the Capital Budget. Capital expenditures are impacted by the timing of construction schedules.

More information on the scope and timing of capital projects, including updated estimates, can be found on pp. 410-440 of the City's 2023-2024 Proposed Biennial Budget and 2023-2028 Capital Improvement Plan book.

The Wastewater Utility Fund (WW) includes both on-going operational programs and capital projects with both being reflected in the total expenditures and revenues for the fund.

Wastewater Revenues are currently 81.4% of plan and more than the prior year by \$1,816,701, or 10.9%. Expenditures are currently 55.4% of plan and more than the prior year by \$1,540,061 or 10.8%. Because this fund, like surface water, includes capital expenditures the timing of project expenditures can vary greatly.

More information on the scope and timing of capital projects, including updated estimates, can be found on pp. 442-484 of the City's 2023-2024 Proposed Biennial Budget and 2023-2028 Capital Improvement Plan book.

2024 THIRD QUARTER FINANCIAL REPORT

INVESTMENT REPORT: SEPTEMBER 30, 2024

The City's investment policy adheres to strict standards prescribed by federal law, state statutes, local ordinances, and allows the City to develop an investment model to maximize its investment returns within the primary objectives of safety and liquidity. City Council adopted updates to our Investment Policy on

Our yield objectives are very important and pursuant to policy, the basis used by the City to determine whether the market yields are being achieved is through the use of a comparable benchmark. Our benchmark has been identified as the current yield to maturity of the Washington State Local Government Investment Pool (LGIP), which had been the City's primary mode of investment prior to adopting our Investment Policy. As of September 30, 2024, the City's investment portfolio, excluding the State Investment Pool had a current weighted average rate of return of 4.6800%. This is lower than the 5.2300% rate of return of the State Investment Pool. This is common in a period of sharply rising interest rates because the State Investment Pool maintains very short-term investments.

Total investment interest earnings through September 30, 2024 were \$6,060,753. This amount reflects the reversing entry from our year-end requirement to record an unrealized gain or loss for our investments at the end of the year. The entry is reversed at the beginning of the following year, which impacts our current year to date results. The unrealized gain as of 12/31/2023 was \$317,276. However, as we have noted before this is strictly a financial accounting issue and we would not expect to experience either a gain or a loss on the investment, because we expect to hold these investments to their maturity.

Generally, prior to the pandemic, the City maintained a laddered investment portfolio. During the pandemic, because of the market conditions, we relied on the State Investment pool as higher interest rate investments matured for a large portion of 2020 and 2021 while the LGIP rates were higher than market. In 2022, with rising rates, we returned to a laddered portfolio which will contribute to higher returns in the future. As part of this strategy the City piloted outsourcing management of a portion of the City's investment portfolio to PFM, the City's Financial Advisors. We have been monitoring the PFMs returns and given current market conditions, updates to the City's investment policy, and the success of the pilot project staff are taking steps to expand the amount that is being managed by PFM. Staff are working closely with PFM to ensure that we manage our portfolio to meet all three of our stated investment goals: safety, liquidity, and return.

As of September 30, 2024, the City's investment portfolio had a fair value of \$172.47 million. Approximately 27.0% of the investment portfolio was held in U.S. government instrumentality securities, and 73.0% was held in the Washington State Investment Pool. The City's investment portfolio valued at cost as of September 30, 2024 was approximately \$172.10 million. The difference between the cost and the market value of the portfolio represents either the loss or the gain of the portfolio if the City were to liquidate investments as of the day that the market value is stated. This would only be done if the City needed to generate cash. The City generally holds all its investments until the scheduled maturity date, and therefore when the investments mature, the principal market value should equal the cost of the investment. The City also holds sufficient investments within the State Pool to allow for immediate cash liquidation if needed.
