

Chief's Message

Good day Shoreline PD,

I only have one quick announcement this week. I know there have been many questions regarding the 16-hour rule and the MOU between KCSO and KCPOG regarding O/T. In regards specifically to the 16-hour rule, the direction I have been given from downtown is that an individual can work 16 consecutive hours in a 24-hour period, they can then take a two-hour break and then work an additional four hours without penalty. If you have any questions about this, you are more than welcome to talk to me or the captains, and we will try to get you an answer.

That's all I have for this week.

Take care,

- Chief Tommy Collins
