**Commission Meeting Date: February 16, 2006**

**Agenda Item: 8.b**

---

**PLANNING COMMISSION AGENDA ITEM**  
CITY OF SHORELINE, WASHINGTON

**AGENDA TITLE:** Discussion of potential Work Program and Community Outreach

**DEPARTMENT:** Planning and Development Services

**PRESENTED BY:** Joe Tovar, FAICP, Director of Planning and Development Services

Under this agenda item, I would like to report to the Planning Commission on the status of your adopted work program, including items scheduled for your review in the coming few months, as well as other potential tasks for 2006. Some of those tasks may stem from actions that the Council may take regarding critical areas and cottage housing – one other important task is the preparation of permanent development regulations governing tree cutting. Toward that end, I would invite the members of the Planning Commission subcommittee who met with Matt Torpey and me last week, to offer their comments about our discussion.

On a related point, we recently filled the open Planner III position in the department. This person will fill the vacancy created when Andrea Spencer left last fall. We have hired Steve Cohn, a planner who spent a number of years working for the City of Bellevue. Steve is very experienced in long-range planning issues and will be a great asset to the department. I am hoping he will be available to meet you on the 16<sup>th</sup>, although his first day in the office is February 27.
